The hülsta planning service for a room of your choice.

Well planned + well advised + free of charge

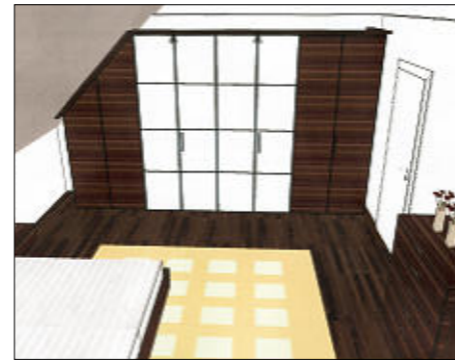

You have a right to expect more than just exquisite furniture at any time of the year from hülsta. You can also take advantage of the planning service provided by hülsta's own professionals free of charge. How does that work? It's quite simple: make a record of the size of the room or the area that you would like to refurbish. Describe any peculiarities or difficult areas of the room which need to be considered in your plans: any sloping walls, niches, positions of doors and windows, etc. Determine how you intend to use the room or the area in the future. For example, it is important for our planners to

know whether any TV or hi-fi components or similar equipment needs to be accommodated. Choose your favourite hülsta furniture range and also provide us with details of the wood and lacquer versions. Please use the attached check list. Then simply send us this information by e-mail to: planningservice@huelsta.co.uk, by fax to: 0207 318 8012 or by post to this address: hülsta UK, 5th Floor, 2 Conduit Street, London W1S 2XB. Please do not forget to provide us with your contact details: name, address, telephone number, e-mail or fax number.

We can then send you a coloured draft by mail or by e-mail. Unfortunately this can only be in black and white by fax.

And you will not have to wait long: once we have received it, we will answer your enquiry within a single working day! Take the draft that has been created by the hülsta team along to your local registered hülsta dealers. You can find them on the hülsta home page at www.huelsta.co.uk under "dealer locator".
