

The **SPECTRUM** hallway is simple to plan with by adding on the extension columns and it provides many different possibilities.

- **Various single units** in 4 heights, which can be combined at will
- **Clothes units** for fitting on wall, with hat rack, clothes rod and bag hooks
- **Clothes mirrors** in 3 widths and 4 heights
- **Comprehensive accessories:** pull-out clothes rod, clothes hangers, umbrella stand, utensil basket, wall shelves
- **IMPORTANT NOTE!** The single units offered in this list are only to be viewed as suggestions and can only show an excerpt from the many possible arrangements. Furthermore, you can also choose different combinations from the individual ranges (see the "Ideas for living" price list).

## Knob/handle assortment

You can choose from a variety of knobs/handles. Please state the corresponding knob/handle number. If no details are given in the order, knob 20 is supplied. Doors with aluminium frame and mirror panel have a standard aluminium-coloured handle.

**Important notes:** Fittings for wall mounting are provided with nearly all the units which should be used for your own safety and for constructional reasons. The assembly materials supplied by hülsta (plugs, screws) are only suitable for fitting components on to concrete and/or solid walls. Ideally, one should inquire about the soundness of the walls with regard to their suitability for mounting units when orders are placed and be sure to check them later before mounting any units. If any surfaces are not suitable for mounting units (e.g. plastered or lighter wall materials), one should use another method better suited to the material on site.

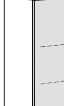

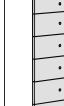

- **hülsta-SoftFlow:** All drawers on hidden bearings with auto pull-in feature with brake
- **hülsta-MagicClose:** All wooden hinge-doors with door hinge brake
- Max. load of (fitted) wooden shelves and drawers: 25 kg
- All units up to 7 Raster height with knob, from 8 Raster height with rod lock
